II. Research Project – Choose a person or event from the World History I timeframe (Ancient Civilizations through 1800). Conduct in-depth research on the topic using multiple sources. The presentation of the topic may be done using any desired method or combination of methods; it is completely up to the individual. Grading will be determined using the Research Project Rubric. Students must reference the rubric when constructing the project. Any questions regarding topics, presentation or grading should be directed to the teacher.

Research Project Score _____

III. Research Project – Choose an important era in the history of a civilization (Ancient Civilizations through 1800). The focus of this research project is to examine, in-depth, a particular era of importance in the history of one of the early civilizations. Students should research, through multiple sources, the significant features of the civilization including but not limited to: cities, economy, social structure, language, government, religion, writing, literature, and art. The presentation of the topic may be done using any desired method or combination of methods; it is completely up to the individual. Grading will be determined using the Research Project Rubric. Students must reference the rubric when constructing the project. Any questions regarding topics, presentation or grading should be directed to the teacher.

Research Project Score _____
